Lance- Fixed wing system
For survey, Surveillance and recon.

HIGHLIGHTS

Easy to Deploy and Use

Autonomous Operation

High Endurance

Light-weight, Modular Design

Aesthetically Designed

APPLICATIONS

Long range
Aerial Surveillance

Inspection
Applications

Law
Enforcement

Research and
Survey

Crowd
Management

Disaster
Management

Coastal
Patrol

Specifications

Drone : Lance- Fixed wing system

Endurance	90 minutes
Range (LoS)	30kms (Extendable)
Vehicle Empty Weight	3.3 kg
Maximum Payload	800 gms
Wind Resistance	11m/sec
Vehicle Type	Composite Fixed wing
Dimension	1.8 mt wingspan
Ingress Protection	Ip 55
Operation Modes	Manual/ Auto
Fail Safe	Radio, Battery and Geofence
Battery	Li-Ion
Max Launch Altitude	3500 mts

Additional Accessories

- * FPV camera
- * Anti Collision
- * Live display
- * Hand held controller
- * Tablet for Auto mode
- * System Data logs
- * Custom Geofencing applications
- * AMC Options

Whats in the box?

- * Drone
- * Controller
- * 1Km Telemetry Inbuilt
- * Tool Kit
- * Propellers
- * Dual Battery Charger
- * USB Cable
- * User Manual
- * Support Validation Card (1 Year)

*Every system is demonstrated and the customer is trained inhouse before delivery
